CARE

While SunMaster™ is designed to be easy to maintain, proper care and cleaning are important to the life of all fabrics. TVF recommends retreating the fabric annually with products such as 303® or NeverWet® to restore water repellency and yield best performance.

FOR NORMAL CARE AND CLEANING

- Add 2 ounces of mild soap such as Woolite or Dawn dishwashing liquid to 1 gallon of lukewarm water.
- Clean the fabric with a “soft bristle brush.”
- Rinse thoroughly with cold water and air dry.
